SCC SUCCESS AT RACES

To take the sum of $2,779 after float is indicative of the commitment by many people. Special mention must go to Kristy Tucker for her effort in co-ordinating the event, but that does not distract from all who worked on the stall and those who prepared items for sale. The combination was a great success. Thank you to all for the great effort you all put in so that this amazing amount of profit could be achieved.

Many thanks

“Remember we are but travellers here” St Mary MacKillop (1873)
Hi all,

Halloween is right around the corner (spooky!). While not traditionally celebrated in Australia, we’ve seen increased interest and participation in our communities over the last few years. As such, we’ve had a number of community inquiries re: places that welcome trick-or-treaters.

This year, we’re going to pull together a Halloween map for the region that we can pop on Council’s website and social media for any would-be trick-or-treaters. This will be similar to the Christmas Lights map and will have addresses / neighbourhoods marked with a pumpkin icon.

A map will be created for all towns and villages in the region where an address is registered. The final maps will be distributed and published late next week.

If your street or neighbourhood is Halloween-friendly, please let me know by phone or email by Wednesday 26th October. All we need is an address or street name to get you on the list.

Your help is appreciated!

Many thanks,

Kristy Harvey
